**Addendum to Operating Instructions  
for  
Acton Research Corporation  
SP-300i  
SpectraPro Monochromator**

This SP-300i SpectraPro monochromator is supplied with optional Motorized Slits. When using the 300-749 Hand Held Controller to operate the monochromator, please refer to the instructions located in the separate tabbed section of this manual labeled 300-749 rather than the instructions for the hand held controller located in the SP-300i manual. The 300-749 manual contains the instructions for operation of the motorized slits.
